

# *I Am With You*

*by Christopher Tate, Raquela Dalli Gonzi*

Don't worry I am here  
Let go now of all your fears  
You are my precious child  
I want to be with you

Don't fear now, I'm your shield  
I'll protect you in your darkest hour  
You are my loving child  
I want to be with you

If troubles come your way  
Who will you call when you're afraid  
Peace I leave with you,  
And you will never be alone
